# RISK MANAGEMENT POLICY

## 1. Purpose

To seek to identify (so far as is practicable) all risks facing the School at all levels and in all activities  
To identify how such risks might be mitigated by means of a risk assessment  
Record the outcome of the risk assessments and make them available to all who need to be aware.

## 2. Procedure

Identify potential risks and hazards

Identify the parties involved

Evaluate the likelihood of the risk/hazard causing harm

Evaluate the severity of the outcome of an event arising from the risk/hazard

List control measures already in place to mitigate the risk

Consider if any further controls required

On basis of the risk assessment, confirm whether the activity can take place

Complete the risk assessment process (and RISK ASSESSMENT PRO-FORMA if appropriate) before commencing the activity

All written risk assessments must be approved by a designated member of staff (see below) A copy of the risk assessment must be sent to the Acting Senior Lead who will check it, sign it off and forward it to the Head of School to countersign.

A copy of the risk assessment template is attached at the end of the policy.

## 3. Levels of responsibility Strategic

level

The ultimate responsibility for health and safety in the School rests with the School Advisory Board  
School Advisory Board (as Trustees) are responsible for the Risk Register: the legal requirement is for an annual review at least.

The Head of the School and Assistant to the Head make termly reports to the Head of School and in turn to SAB on any perceived changes to the Risk Register

A copy of the SAB's Risk Register is available from the Head of Schools on request

The risk assessment procedures are embedded in the HEALTH AND SAFETY POLICY approved by SAB.
